PROFESSIONAL SUMMARY

Results-driven technology professional with 3+ years delivering enterprise ICT, connectivity, and digital product solutions across Indonesia's leading corporations. Proven track record generating IDR 2B+ in revenue within 5 months at Indosat Ooredoo Hutchison, managing 13+ simultaneous IoT projects, and placing in multiple national product competitions. Combines deep technical fluency with strong commercial instincts to drive deals, ship products, and lead cross-functional teams.

PROFESSIONAL EXPERIENCE

B2B Presales Engineer — Enterprise Solutions

Sep 2025 – Present

PT Indosat Tbk (Indosat Ooredoo Hutchison) · Jakarta, Indonesia

- Generated IDR 2B+ in revenue within the first 5 months by leading technical and commercial assessments across 20+ enterprise ICT and connectivity projects, directly supporting deal closures.
- Authored end-to-end technical proposals and high-level designs for marquee clients including MRT Jakarta, LRT, Danone, Bluebird, Bank Mayapada, and KBIJ — covering managed services, connectivity, and enterprise ICT portfolios.
- Orchestrated cross-functional collaboration across sales, product, pricing, procurement, and vendor teams to structure competitive, value-based solutions aligned to client requirements and business objectives.

Project Manager — IoT & Digital Solutions

Sep 2023 – Sep 2025

PT Iotera Sinergi Digital · Bandung, Indonesia

- Concurrently managed a portfolio of 13 IoT projects (5 delivered, 3 recurring, 5 ongoing) for enterprise clients including Pegadaian, Telkomsel, Pertamina, BPODT, and KPP Mining by Astra Group.
- Drove a 20% boost in project delivery efficiency by leading a cross-functional team restructure and standardising end-to-end workflows from ideation through client handover.
- Spearheaded solution ideation and conception for each client engagement, translating complex operational challenges into scalable IoT architectures and winning proposals.

B2B Associate Product Manager

May 2023 – Sep 2023

PT Erajaya Swasembada · Jakarta, Indonesia

- Owned the full product lifecycle for 3 B2B products — produced PRDs and wireframes, ran sprint grooming and planning, and consolidated multi-stakeholder feedback into a prioritised product roadmap.

Product Manager Intern

Oct 2022 – Jan 2023

PT Bank Aladin Syariah Tbk · Jakarta, Indonesia

- Launched 2 donation features for the mobile banking app, contributing to a 15% uplift in retention and 50% growth in active users in 2022 — tracked via Metabase dashboards monitoring MAU, retention, and CSAT.

IT Project Management Officer Intern

Feb 2022 – Jul 2022

PT Tower Bersama Infrastructure Tbk · Jakarta, Indonesia

- Led a dev + QA team to deliver an internal brute-force prevention system on schedule using Jira, ClickUp, and Google Sheets.

EDUCATION

B.Eng. Computer Engineering — Cum Laude, GPA 3.66/4.00

Aug 2018 – Jun 2022

Universitas Indonesia · Depok, Indonesia

- Thesis: Real-time face mask detection using YOLOv6 deep learning — applied computer vision to a public health use case.

CERTIFICATIONS & TRAINING

- Product Management Certification of Competency (double A) — Apiary Academy Nov 2022

COMPETITIONS & RECOGNITION

2nd Place — Hack The Product × JULO (National) Feb 2023

- Proposed a gamified loyalty dashboard projected to increase customer online activity by 68% and social sharing by 22%.

2nd Place — Hack The Product × Mekari (National) Dec 2022

- Proposed 2 flagship products for Mekari Flex with projected revenue of ~IDR 5T/year.

3rd Place — Hack The Product × RedDoorz (National) Sep 2022

- Designed 3 B2B app features projected to raise owner retention by 30% and reduce violations by 20% within 3 months.
